

Math 140H — Honors Calculus I: Lecture Notes

Jan Reimann

2026-08-19

Table of contents

Welcome!

These notes accompany Math 140H, Honors Calculus I, Fall 2026. Each lecture here corresponds to one class session and covers more or less the material presented in class, in the same order, so that it can serve as a compact study reference. HTML “hardcopies” of the Jupyter notebook activities from class are also included. Lecture notes will generally be available immediately **after** the corresponding class session.

State College, Fall 2026
